DIMENSION 01 OF 08

Personality

"How do I naturally work and decide?"

IN SIMPLE WORDS

Your personality is your **natural style**, like being left- or right-handed. You can use both hands, but one feels easier. This dimension finds the style that feels easiest for you, so you can choose work where you don't have to fight yourself every day.

What it measures

Where you get your energy, how you take in information, how you make decisions and how you like to plan. These patterns shape how you prefer to work with others, handle tasks and make choices.

The framework

Personality-type preferences in four pairs, widely known as MBTI-style typing (from Carl Jung's work, developed by Myers and Briggs). Some stages also look at the five everyday traits psychologists call the Big Five.

Why it matters

Different work settings suit different patterns. Knowing your personality helps you pick paths where you contribute in your natural way, enjoy the work and grow steadily.

The four preference pairs

Energy Do you recharge alone or with people?	Introvert	Extravert
Information Facts and details, or patterns and possibilities?	Sensing	Intuition
Decisions Logic first, or values and people first?	Thinking	Feeling
Planning A clear plan, or keep options open?	Judging	Perceiving

ISFJ "The Defender" · quiet, practical, caring, organised

Each slider shows which side you lean to and how clearly. Your four letters together make your type, for example ISFJ. *Illustrative.*

EXAMPLE

Before a school trip, **Ravi** makes a checklist a week early (Judging); **Meera** packs the night before and enjoys deciding on the spot (Perceiving). Neither is wrong. But Ravi may enjoy project management, and Meera may thrive in fast-changing roles like journalism or event work.

Careers that often suit each pattern

If you lean towards...	You may enjoy careers such as...	If you lean towards...	You may enjoy careers such as...
Introversion + Sensing	Accountant, lab scientist, software developer, archivist	**Intuition + Thinking**	Engineer, scientist, strategist, architect, entrepreneur
Extraversion + Feeling	Teacher, counsellor, HR, sales, hospitality	**Sensing + Judging**	Doctor, civil services, operations, banking, law

Try this at your stage

Class 6–8
Notice when you feel most energetic: in a group or alone.

Class 9–10
Pick one club that uses your type's strengths.

Class 11–12
Compare your type with your top career's daily work.

With your family
Ask a parent which of your four letters sound like you.
