The Startups course 87
Spot, Build, Pitch 90
How to use the Funding directory 91

08 Research & Conferences 96

The Research Studio 97
International scientific conferences 100
The researcher journey 101
The OneGrasp Scientific Committee 102
Featured member: Dr Rudrarup Gupta 103
Keynotes, awards and the conference day 104

09 Parents & Schools 105

For parents: guide, not decide 106
Ten questions to talk through 107
For schools: the Institution Portal 108
What everyone gains 109
Questions people often ask 110

10 Your Action Plan 111

The 30-day kickstart challenge 112
Your year: Class 6–10 114
Your year: Class 11–12 115
Your 90-day plan 116
My profile on one page 117
My weekly tracker 118
My achievements and certificates 119

Dimension 01 of 08

# 01 Personality

"How do I naturally work and decide?"

**In simple words**

Your personality is your **natural style**, like being left- or right-handed. You can use both hands, but one feels easier. This dimension finds the style that feels easiest for you, so you can choose work where you don't have to fight yourself every day.

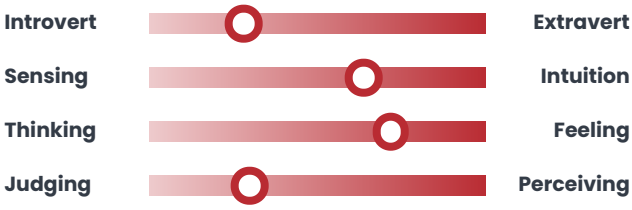

## What it measures

Where you get your energy, how you take in information, how you make decisions and how you like to plan. These patterns shape how you prefer to work with others, handle tasks and make choices.

## The framework

Personality-type preferences in four pairs, widely known as MBTI-style typing (from Carl Jung's work, developed by Myers and Briggs). Some stages also look at the five everyday traits psychologists call the Big Five.

## How it looks in your report

**ISFJ** "The Defender" · quiet, practical, caring, organised

Each slider shows which side you lean to and how clearly. Your four letters together make your type, for example ISFJ. *Illustrative.*

**Energy: Introvert or Extravert**
Do you recharge alone or with people?

**Information: Sensing or Intuition**
Facts and details, or patterns and possibilities?

**Decisions: Thinking or Feeling**
Logic first, or values and people first?

**Planning: Judging or Perceiving**
A clear plan, or keep options open?

## Careers that often suit each pattern

| If you lean towards... | You may enjoy careers such as... |
|---|---|
| Introversion + Sensing | Accountant, lab scientist, software developer, archivist |
| Extraversion + Feeling | Teacher, counsellor, HR, sales, hospitality |
| Intuition + Thinking | Engineer, scientist, strategist, architect, entrepreneur |
| Sensing + Judging | Doctor, civil services, operations, banking, law |

**Class 6–8**
Notice when you feel most energetic: in a group or alone.

**Class 9–10**
Pick one club that uses your type's strengths.

**Class 11–12**
Compare your type with your top career's daily work.

**With your family**
Ask a parent which of your four letters sound like you.

### Fill in from your report

**My score**

**My top result**

**One way I'll use it**

Start here

# How to use your dashboard.

Your dashboard is where the report turns into action. Use it in this order the first time, then come back every week.

**1** **Sign in**
Go to careerfitment.onegrasp.com and sign in with the email and password you used for the assessment.

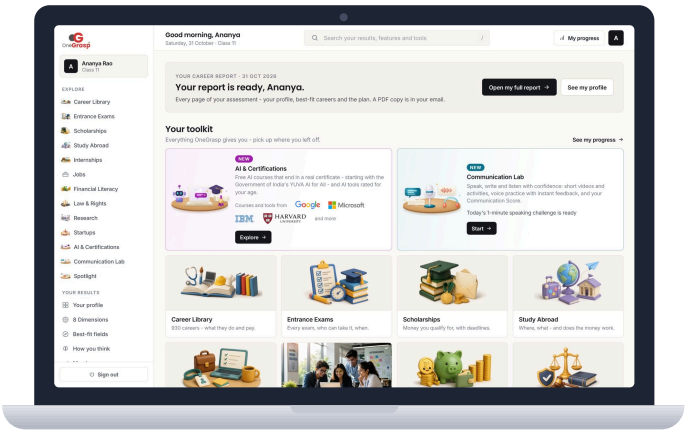

**2** **Open your report**
On the home screen tap **Open my full report**. Use **Download** to save the PDF.

**3** **Explore your results**
In the left menu, open **Your results**: profile, 8 dimensions, best-fit fields, how you think, my plan.

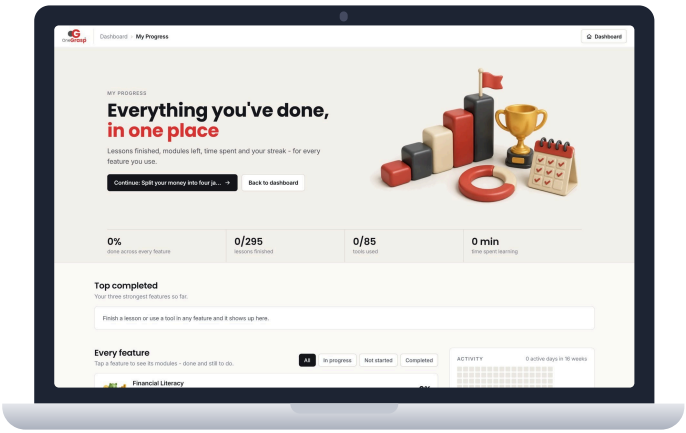

**4** **Pick a tool**
Choose a tool from **Explore** in the left menu, starting with your top career field in the Career Library.

**5** **Do the missions**
Each tool chapter in this book ends with a mission card. Tick tasks off as you finish them on the dashboard.

**6** **Track your progress**
Open **My Progress** to see lessons done, time spent and your streak; collect certificates as you finish courses.

The dashboard home: report at the top, tools below, menu on the left.

My Progress: everything you have done, in one place.

## A simple weekly routine

| When | What to do | Where |
|---|---|---|
| Once a week | Do the three Career GPS missions | Career GPS |
| Twice a week | Work on one tool's mission card | Any tool in the Explore menu |
| Every day (10 min) | One lesson, game or speaking challenge | Money, AI, Communication Lab |
| Every month | Check your progress and update your plan | My Progress · My plan |

Reading guide

# Turn your report into a 90-day plan.

Fill this in with your report open. Keep it on your desk, or photograph it and pin it to your phone.

## My report in one line

My type is _____ · my interest code is _____

## One strength to use

## My top 3 fields

## One area to grow

| When | Goal | Dashboard tool I'll use | Done |
|---|---|---|---|
| **Days 1–30** · Explore | Read 5 careers from my top field | Career Library, Test-Drive | ☐ |
| | | | ☐ |
| **Days 31–60** · Do | One small task or free course | Internships, AI & Certifications | ☐ |
| | | | ☐ |
| **Days 61–90** · Build | One project or proof | Portfolio, Career Passport | ☐ |
| | | | ☐ |

Try this

The dashboard's **My plan** page and weekly **Career GPS** missions turn this sheet into ticked-off tasks (Parts 5 and 6).

For parents

Sign the bottom of this page with your child: **We agree to try this together.**

Scientific committee

# Featured member
# Dr Rudrarup Gupta

**Member, OneGrasp International Scientific Committee**

| | |
|---|---|
| **Profile** | Researcher, Business & Economics |
| **Also** | Cricket commentator with the BCCI; founder |
| **Country** | India |
| **Committee disciplines** | Business & Economics · Education · Social Sciences & Humanities |

## Role on the committee

Members of the OneGrasp International Scientific Committee review submitted abstracts in their disciplines, chair paper sessions and deliver keynotes at OneGrasp's online conferences. Dr Gupta serves across three of the eleven disciplines listed above.

## Why it matters to students

When a student presents at a OneGrasp conference, their work is reviewed by experienced researchers and professionals such as Dr Gupta, so the feedback reflects both academic and real-world practice.
