CAREER FITMENT ASSESSMENT · CLASSES 6–12

Career Fitment Handbook

Know Yourself. Choose Your Path. Build Your Future.

A comprehensive career guidance and student development handbook for Classes 6–12.

WHAT WE MEASURE

The 8 dimensions. One complete you.

01 Personality
How do I naturally work and decide?

02 Career Interests
What kind of work excites me?

03 Multiple Intelligences
In which ways am I smart?

04 Emotional Intelligence
How well do I handle feelings and people?

05 Learning Style
How do I prefer to study?

06 Motivators
What drives me?

07 Strengths
What do I naturally contribute?

08 Aptitude
How quickly can I pick up new skills?

How the eight work together

Who you are
Personality and Emotional Intelligence describe how you work, decide and get on with people.

What pulls you
Career Interests and Motivators show the work that excites you and why you keep going.

How you think
Multiple Intelligences and Learning Style show the ways you are smart and how you learn.

What you can do
Strengths and Aptitude show what you naturally give and how fast you learn a field's skills.

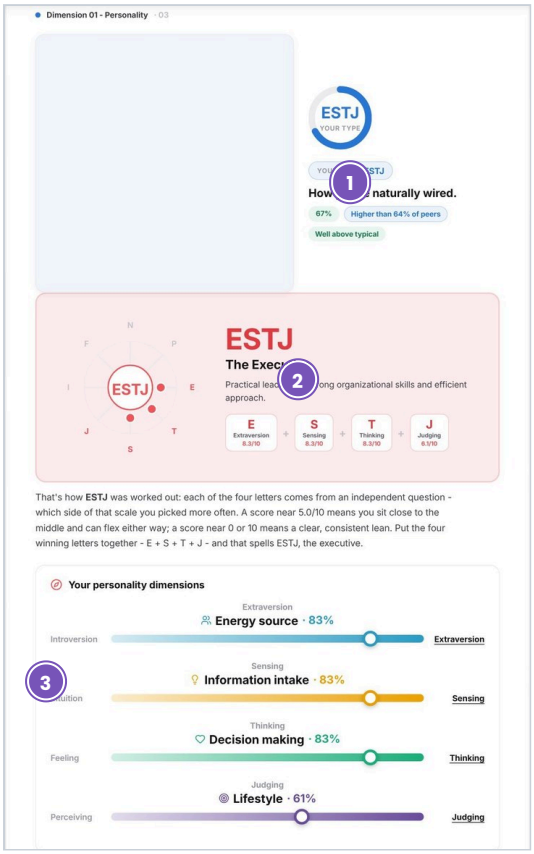

IN SIMPLE WORDS

No single dimension decides your career. The best-fit careers are where **several dimensions agree**: for example, an Investigative interest + a Logical intelligence + a strong Numerical aptitude all point toward science and data.

DIMENSION 01 OF 08

01 Personality

"How do I naturally work and decide?"

The real Personality page from a sample Class 9–10 report. Each slider shows which side you lean to and how clearly. Your four letters together make your type, for example ISFJ.

> Your personality is your **natural style**, like being left- or right-handed. You can use both hands, but one feels easier. This dimension finds the style that feels easiest for you, so you can choose work where you don't have to fight yourself every day.

WHAT IT MEASURES

Where you get your energy, how you take in information, how you make decisions and how you like to plan. These patterns shape how you prefer to work with others, handle tasks and make choices.

THE FRAMEWORK

Personality-type preferences in four pairs, widely known as MBTI-style typing (from Carl Jung's work, developed by Myers and Briggs). Some stages also look at the five everyday traits psychologists call the Big Five.

WHY IT MATTERS

Different work settings suit different patterns. Knowing your personality helps you pick paths where you contribute in your natural way, enjoy the work and grow steadily.

READING THIS PAGE OF YOUR REPORT

1. Your four-letter type
2. Your type card: name, summary and the score for each letter
3. Your four preference sliders and how clearly you lean

WHAT IT LOOKS AT

- **Energy: Introvert or Extravert**
  Do you recharge alone or with people?
- **Information: Sensing or Intuition**
  Facts and details, or patterns and possibilities?
- **Decisions: Thinking or Feeling**
  Logic first, or values and people first?
- **Planning: Judging or Perceiving**
  A clear plan, or keep options open?

CAREERS THAT OFTEN SUIT EACH PATTERN

IF YOU LEAN TOWARDS...	YOU MAY ENJOY CAREERS SUCH AS...
Introversion + Sensing	Accountant, lab scientist, software developer, archivist
Extraversion + Feeling	Teacher, counsellor, HR, sales, hospitality
Intuition + Thinking	Engineer, scientist, strategist, architect, entrepreneur
Sensing + Judging	Doctor, civil services, operations, banking, law

EXAMPLE Before a school trip, **Ravi** makes a checklist a week early (Judging); **Meera** packs the night before and enjoys deciding on the spot (Perceiving). Neither is wrong. But Ravi may enjoy project management, and Meera may thrive in fast-changing roles like journalism or event work.

TRY THIS AT YOUR STAGE

Class 6–8
Notice when you feel most energetic: in a group or alone.

Class 9–10
Pick one club that uses your type's strengths.

Class 11–12
Compare your type with your top career's daily work.

With your family
Ask a parent which of your four letters sound like you.

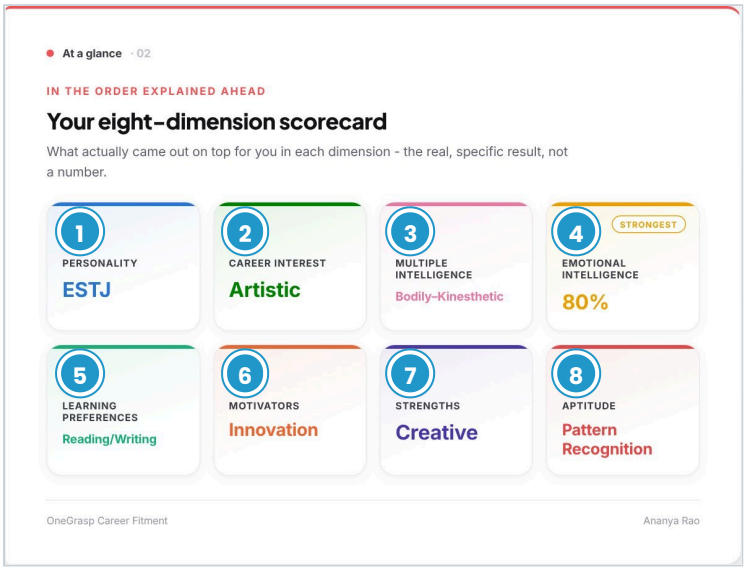

FROM MY REPORT My result _____ One way I'll use it _____

There is no good or bad personality, only better fits. Your type is a preference; you can act outside it whenever you need to.

WHO YOU ARE

Your scorecard and deep dives.

The first part of your report shows your real result in each of the 8 dimensions on one page, then explains each one in detail.

The scorecard page from a sample Class 9–10 report: one result per dimension, in the order the report explains them.

1. **Personality** your four-letter type (ESTJ in this sample)
2. **Career interest** your strongest interest theme
3. **Multiple intelligence** your top way of being smart
4. **Emotional intelligence** your score as a percentage; **Strongest** marks your top dimension
5. **Learning preferences** the way you prefer to study
6. **Motivators** your core driver
7. **Strengths** your signature strength
8. **Aptitude** your sharpest reasoning area

Every deep-dive page has the same five parts

Score
0–100, with a typical-student marker

Strong
Where you shine

Next steps
Three actions

01 — 02 — 03 — 04 — 05

Meaning
In plain words

Grow
Where to practise

TRY THIS

On each deep-dive page, underline one line that sounds exactly like you and circle one thing to practise. Part 3 walks through every deep-dive page, one dimension at a time.

> **The important thing is not to stop questioning. Curiosity has its own reason for existing.**
>
> ALBERT EINSTEIN

FOR PARENTS

Ten questions to talk through together.

Use one or two questions per conversation, over a meal or a walk. Listen more than you speak.

01 Which part of the report sounds most like you?

02 Which part surprised you, and why?

03 What are your top two strengths? Where did you use them recently?

04 Which of your top fields would you like to try first, and how?

05 What would a normal working day look like? (Try the Test-Drive together.)

06 Which subjects or exams does that path need? Are you ready to work for them?

07 What does it cost, and which scholarships could help?

08 What's our backup plan if the first choice doesn't work out?

09 Who could you talk to who already does this work?

10 What's one small thing you'll do this week?

FOR PARENTS

For Class 6–8, keep it light: ask what they enjoyed in the test and which careers sounded fun. The goal is curiosity, not a decision.

TRY THIS

Write your child's answers to questions 4 and 10 on page 2 of this handbook. Read them again in three months.

> There are two lasting bequests we can hope to give our children. One of these is roots, the other, wings.
>
> HODDING CARTER
