WHAT PARENTS, STUDENTS AND COUNSELLORS SAY

"The assessment helped us understand our child beyond just marks. We had a real conversation about their strengths and interests for the first time."

PARENT, MUMBAI

"I discovered that I'm good at things I never realized. It gave me confidence to explore careers I didn't think were for me."

STUDENT, CLASS 10

"The report is incredibly detailed. We used it to guide our counseling sessions with students. It made a real difference."

SCHOOL COUNSELOR

Honest results. Rushed or careless answers are flagged so the test can be retaken.

Private by design. Schools see progress, never a student's individual answers.

Facts you can check. Every exam and funded programme links to its official source.

WHAT YOUR REPORT SHOWS FOR EACH ONE

Pe **Personality.** Your four-letter type, a score for each preference, strengths and next steps.

In **Career Interests.** Your three-letter interest code (Holland's RIASEC) and how strongly you lean to each type.

Mi **Multiple Intelligences.** All eight intelligences ranked (Gardner), with your top two named.

Eq **Emotional Intelligence.** Your EQ level, a score for each of four areas and what to practise first.

Ls **Learning Style.** Your preferred style, with revision tips that suit it.

Mo **Motivators.** Your core driver and how your other drivers rank.

St **Strengths.** Your two signature strengths and the fields that reward them.

Ap **Aptitude.** Your overall aptitude, your sharpest area and practice tips for exams.

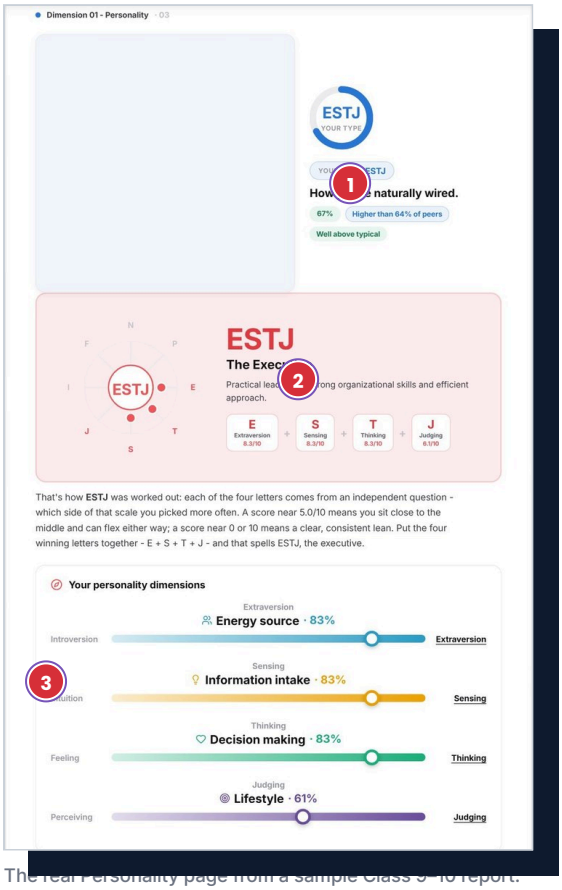

BUILT ON

Personality-type preferences (Jung; Myers and Briggs) · Holland's RIASEC interests · Gardner's multiple intelligences · Emotional intelligence (Salovey and Mayer; Goleman) · Learning preferences similar to VARK · Work-values research · Strengths-based psychology · Standard reasoning tests

DIMENSION 01 OF 08

01 Personality

"How do I naturally work and decide?"

The real Personality page from a sample Class 9–10 report. Each slider shows which side you lean to and how clearly. Your four letters together make your type, for example ISFJ.

> Your personality is your **natural style**, like being left- or right-handed. You can use both hands, but one feels easier. This dimension finds the style that feels easiest for you, so you can choose work where you don't have to fight yourself every day.

WHAT IT MEASURES

Where you get your energy, how you take in information, how you make decisions and how you like to plan. These patterns shape how you prefer to work with others, handle tasks and make choices.

THE FRAMEWORK

Personality-type preferences in four pairs, widely known as MBTI-style typing (from Carl Jung's work, developed by Myers and Briggs). Some stages also look at the five everyday traits psychologists call the Big Five.

WHY IT MATTERS

Different work settings suit different patterns. Knowing your personality helps you pick paths where you contribute in your natural way, enjoy the work and grow steadily.

READING THIS PAGE OF YOUR REPORT

1. Your four-letter type
2. Your type card: name, summary and the score for each letter
3. Your four preference sliders and how clearly you lean

WHAT IT LOOKS AT

- **Energy: Introvert or Extravert**
  Do you recharge alone or with people?
- **Information: Sensing or Intuition**
  Facts and details, or patterns and possibilities?
- **Decisions: Thinking or Feeling**
  Logic first, or values and people first?
- **Planning: Judging or Perceiving**
  A clear plan, or keep options open?

CAREERS THAT OFTEN SUIT EACH PATTERN

IF YOU LEAN TOWARDS...	YOU MAY ENJOY CAREERS SUCH AS...
Introversion + Sensing	Accountant, lab scientist, software developer, archivist
Extraversion + Feeling	Teacher, counsellor, HR, sales, hospitality
Intuition + Thinking	Engineer, scientist, strategist, architect, entrepreneur
Sensing + Judging	Doctor, civil services, operations, banking, law

EXAMPLE Before a school trip, **Ravi** makes a checklist a week early (Judging); **Meera** packs the night before and enjoys deciding on the spot (Perceiving). Neither is wrong. But Ravi may enjoy project management, and Meera may thrive in fast-changing roles like journalism or event work.

TRY THIS AT YOUR STAGE

Class 6–8
Notice when you feel most energetic: in a group or alone.

Class 9–10
Pick one club that uses your type's strengths.

Class 11–12
Compare your type with your top career's daily work.

With your family
Ask a parent which of your four letters sound like you.
